HALF DIMES OR SILVER FIVE CENT PIECES

- 157 1792. Half Disme. Portrait of Martha Washington facing left, date below. LIB. (erty) PAR. (ent) OF SCIENCE & INDUSTRY. Reverse; small flying eagle. HALF DISME in 2 lines below. UNITED STATES OF AMERICA. Milled edge and borders. A very fine specimen, and rare thus.
- The silver plate of Martha Washington was supposedly used for this coinage. There is evidence to support the contention that the half disme was an actual coin, not a pattern.
- 158 1794. Regular Issue. Bust of Liberty to right, date below; LIBERTY above. 7 Stars to right, 8 to left. Reverse; eagle, wings open within wreath; UNITED STATES OF AMERICA. Very Fine and very scarce. **\$40.00.**
- 159 1795. Die break from nose through Y. Pin pricks on head. Date, lettering, stars, etc., all clear. Very Fine. **\$10.00.**
- 160 1796. New type. Draped bust to right. Very fine and very scarce. **\$40.00.**
- 161 1797. Thirteen stars on obverse. Faint obverse scratches. Rarest variety of this date. Easily a very fine coin with reverse about extremely fine. **\$40.00.**
- 162 1797. Fifteen stars. Very fine. Seldom found in this condition. Scarce. **\$20.00.**
- 163 1797. Sixteen stars. Tiny edge dent. Very fine and rare. **\$30.00.**
- 164 1800. Without usual obverse die break. Perfect LIBERTY. Very fine and scarce. **\$17.50.**
- 165 1800. LIBERTY. Very fine and rare. Not in Dunham Collection. **\$25.00.**
- 166 1801. Some rubbing on cheek and eagles right wing, otherwise very fine. Difficult to find in this condition. Rare and valuable. **\$50.00.**

THE EXCESSIVELY RARE 1802 HALF DIME

- 167 1802. Draped bust of liberty to right, LIBERTY above, date below. Six stars to right and seven to left. Reverse; heraldic eagle, clouds extending from wing to wing. Thirteen stars. UNITED STATES OF AMERICA. Some of Reverse stars and clouds not struck up as bold as the others. This seems to be characteristic of the coin. The 1 in date does not touch the curl; the 2 touches the bust; the 8 is larger than that of the 1800 or 1801. Excessively Rare; always regarded as one of the rarest of all United States Silver coins. In the sale of the Wilson Collection it was stated that there were but sixteen specimens known and that one sold for \$715.00. In our sale of the Rabenort Collection at the 1942 A. N. A. Convention sale, an 1802 sold for \$307.50 but the reverse of that coin was well worn. This specimen equal to the Dunham specimen which sold in 1941 for \$472.50; should bring well over \$500.00 today for one of the rarest of American coins. So rare, no price quoted; plate.
- 168 1803 About fine. Rare. **\$15.00.**

- 169 1805. Choice for this rare date, the second rarest in the series. Clouds on reverse not struck up. Slight edge nick. One of the best specimens of this date available. Easily very fine. Unusual for this coin. **\$100.00.** See plate.

UNITED STATES PATTERNS

The references (A.W. numbers) are to the work by Edgar H. Adams and William H. Woodin entitled "United States Pattern, Trial, and Experimental Pieces." This book, originally published by the American Numismatic Society, has become quite rare. Recently, however, a reprint was made to sell at \$3.00. In order to permit the collector to more intelligently study this offering, we have made available a limited supply of these at the NUMISMATIC GALLERY. These may be examined free of charge, at the Gallery, or purchased at the regular price of \$3.00, postpaid. We have only a few originals at \$10.00. The rarity of each pattern has also been classified according to the Adams-Woodin scale—as follows:

No. Issued	Rarity	No. Issued	Rarity	No. Issued	Rarity
Unique	R.15	13 to 15	R.10	51 to 75	R.5
2 to 3	R.14	16 to 20	R.9	76 to 100	R.4
4 to 5	R.13	21 to 25	R.8	101 to 300	R.3
6 to 8	R.12	26 to 35	R.7	301 to 500	R.2
9 to 12	R.11	36 to 50	R.6	Over 501	R.1

It is well to keep in mind that all patterns were struck only as proofs and consequently, we have omitted this term in describing the coins. Remember, unless otherwise indicated, all the following patterns are in Proof Condition. Prices indicated are actual auction figures. Nos. 13, 17, 19, etc. indicate NUMISMATIC GALLERY sales; Nos. 13, 17, 19, etc.

A STATEMENT FROM THE CATALOGUERS

This is an unusual procedure.

A price list is a price list—there should be nothing to say.

But these prices reflect an unusual condition which exists in the coin market—and we feel that some word is necessary.

1. The Higgy Collection was a fine one.
2. The catalogue was well circulated.
3. The coin market offered nothing to collectors all year.

THE RESULT

Record-breaking prices from an unusually large number of bidders.

Many of you will wonder why your "unlimited" or "buy" bids were not satisfied. Our answer is that we had as many as seven buy orders on a single lot. The first one received was honored. No other method could be fair.

We would suggest that you place this list with your catalogue of the sale. Keep it for reference. It is valuable and contains information on values which is otherwise unobtainable.
